Major construction items are: Biosolids Removal at the closed Northwest Treatment Facility.

The project is to remove the remaining biosolids from the Northwest Treatment facility and be disposed of at a location secured by the contractor. The contractor shall meet all applicable codes, licenses, laws, and regulations to handle and dispose of Biosolids as set forth by the requirements of the Missouri Department of Natural Resources. A sludge profile was performed by the City in December of 2020 and is attached for information and use as part of this advertisement.

An information bid meeting will be held at 10:00 a.m. on Wednesday, February 17, 2021 at the Northwest Treatment Facility in the City of Moscow Mills. The location for the facility is off of East Port Au Prince Lane in the Tropicana Village development and the address nearest the drive to the Facility is 990 E. Port Au Prince Lane, Moscow Mills, MO 63362. This will be the only reserved time to view the facility and ask questions about the project in person. Site visits outside of this time will not be guaranteed and will be at the discretion of the City.

* The City of Moscow Mills may award a contract based upon the lowest responsive, responsible bid. The right is reserved by the City of Moscow Mills to reject any and all bids or to waive informalities therein. The City reserves the right to select the bid that is in the City's best interest. No Bidder may withdraw his bid for a period of ninety (90) calendar days from and after the date named herein for the opening of bids.
